Howard Schwid, MD Professor of Anesthesiology UC-Irvine

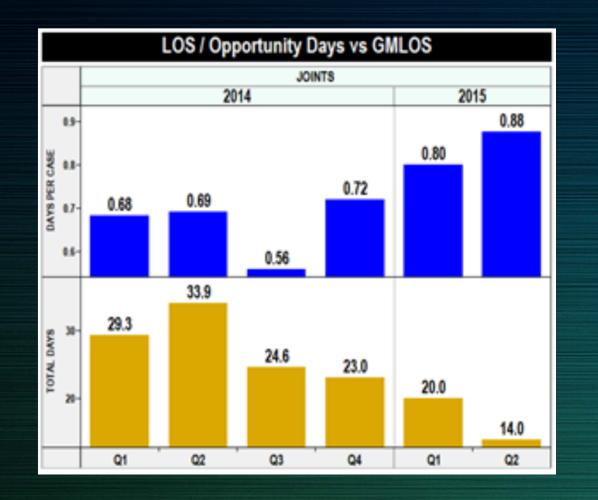

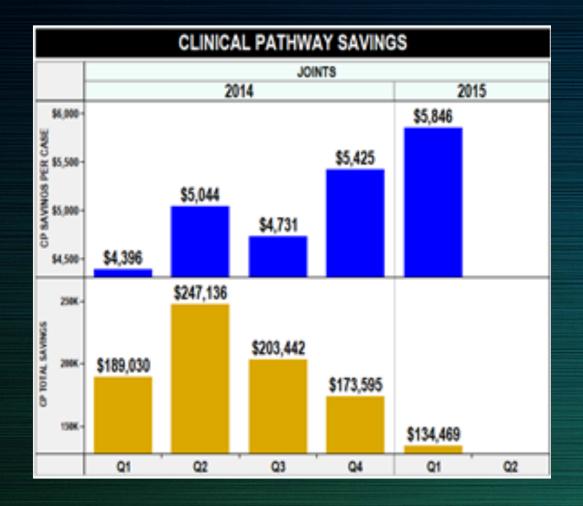

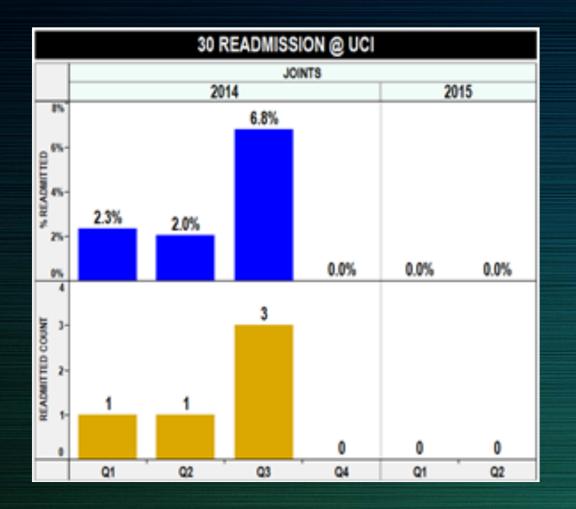

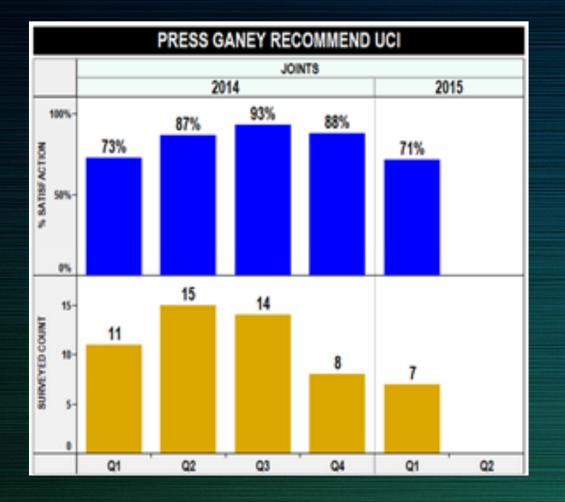

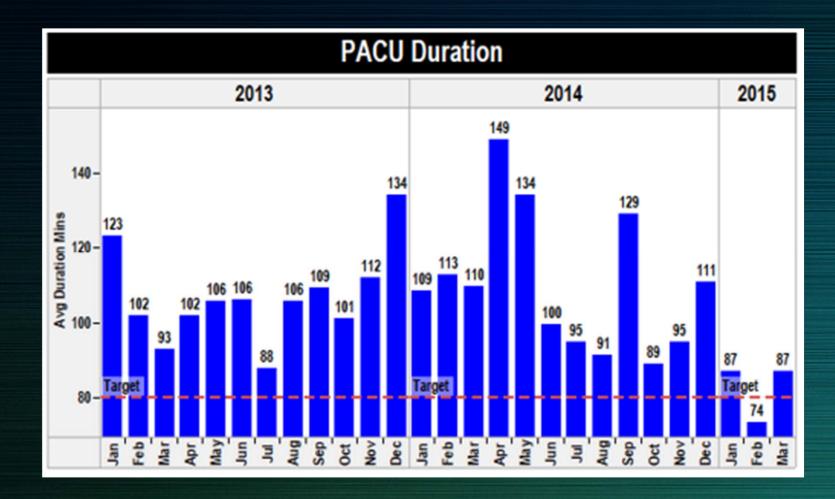

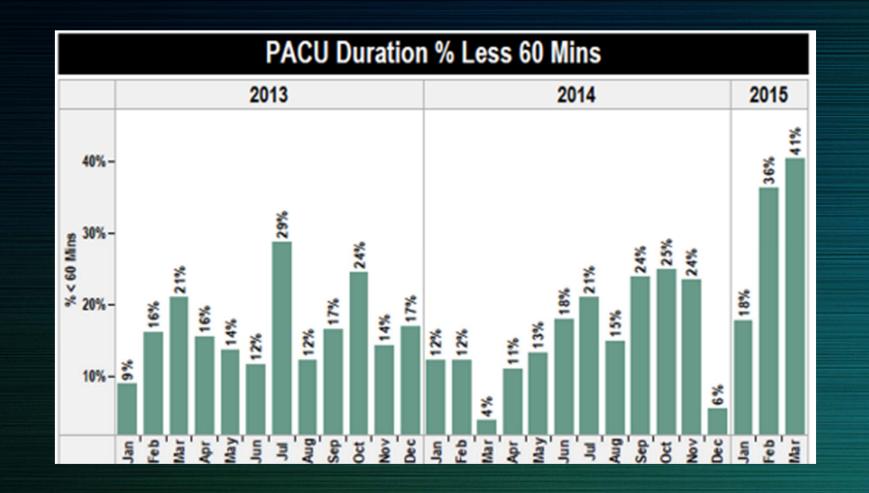

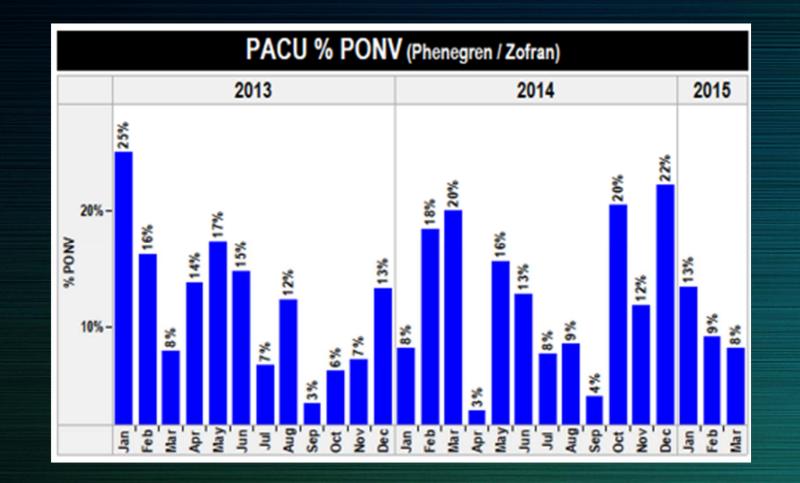

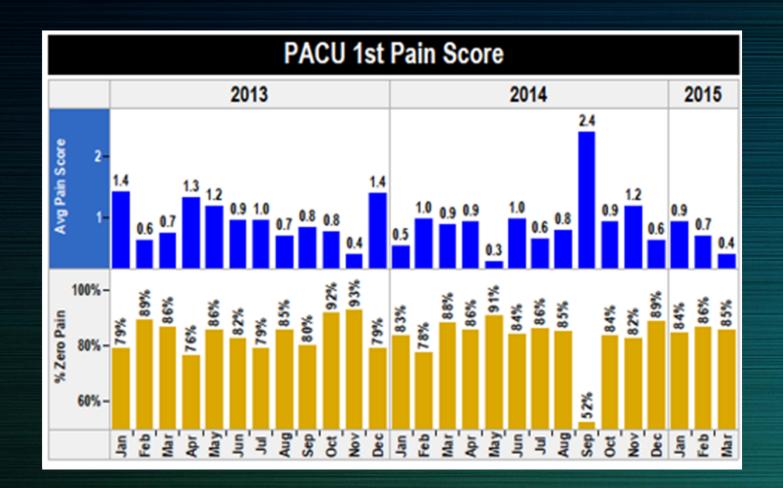

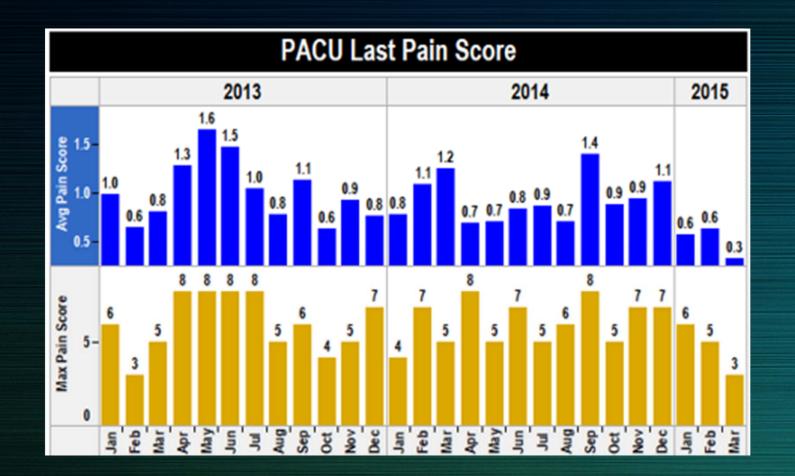

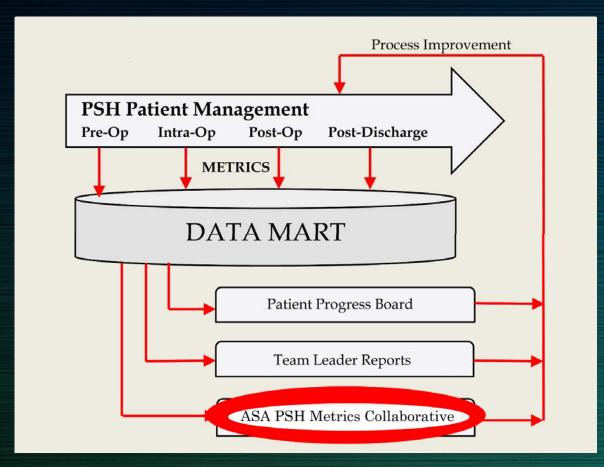

## **<u>Clinical and Safety Measures</u>**

PSH-CS1: Outpatient PSH Surgical Case Mortality PSH-CS2: Discharge Disposition of Inpatient PSH Surgical Cases PSH-CS3: Unplanned Upgrade of Care for Inpatient PSH Surgical Cases PSH-CS4: Unplanned Upgrade of Care for Outpatient PSH Surgical Cases PSH-CS5: Non-Mortality Complications for Adult Inpatient PSH Surgical Cases PSH-CS6: Non-Mortality Complications for Pediatric Inpatient PSH Surgical Cases PSH-CS7: Inpatient PSH Surgical Case Mortality

Measuring the Success of PSH

## **Internal Efficiency Measures**

PSH-IE1: PSH First Case Delayed on Day of Surgery (IP and OP)

PSH-IE2: PSH Day-of-Surgery Case Cancellations (IP and OP)

**PSH-IE3: Timeliness of Outpatient PSH Surgical Case Discharge** 

**PSH-IE4: Average Length of Stay for Inpatient PSH Surgical Cases** 

Measuring the Success of PSH

## Patient Care Measures

**PSH-PC1: PSH Patient Experience at Discharge** 

**PSH-PC2: PSH Patient Experience 30 Days Post Discharge** 

Measuring the Success of PSH
