INSIGHT OF THE WEEK

Kevin J. Bozic, MD, MBA

President, AAOS

The AAOS just published a letter that supports physician engagement in the design and implementation of VBC models. That said, the AAOS recommends (among others) to expand alternative payment model episodes beyond 30 days; Only consider voluntary models with participation incentives; Ensure barriers are resolved in future payment models; Find an approach that allows downstream risk sharing. The letter was signed by Dr. Kevin Bozic who has been part of OVBC faculty since 2016. Please the full letter here.
