## Review Article

### Not All Robotic-assisted Total Knee Arthroplasty Are the Same

Ahmed Siddiqi, DO, MBA   
Michael A. Mont, MD  
Viktor E. Krebs, MD   
Nicolas S. Piuze, MD 

## Insight of the Week!

Robotic-assisted TKA has gained momentum within the past 10 years. Contemporary robotic platforms have evolved along with our ability to collect high-quality patient-reported outcome measures data, and this combination is proving the clinical effectiveness. This comprehensive review investigates the advent of robotic-assisted TKA including advantages, disadvantages, and cost analysis to better understand the potential added value of this technology. Also, join us in OVBC 2023 to hear a lecture on this topic from Dr. Randy Fagin who is the Chief Medical Officer of HCA and an expert in this space. See here for the article!
